

PUPPY PRESCHOOL

When- Starting Thursday 27th September 2007

Where- Kensington Veterinary Clinic
45 Epsom Road, Kensington 3031

Classes will run for 5 weeks on Thursday nights

Class runs from 6.30pm til 7.30pm
Cost for the five week course is \$100

Lessons are held by Julie Barber.

Julie is an accredited Delta-Canine Good Citizen Instructor, a member of the VCA, the Positive Animal Trainers Society of Victoria and the Association of Pet Dog Trainers of Australia. Julie is committed to humane training and uses and promotes the use of reward-based methods. She rejects methods that rely on punishment and the use of correctional devices and is committed to on-going canine professional development and public education.

Puppies should be aged between 8 and 16 weeks of age. This is the ideal time to get your puppy well socialised with other dogs and people. Puppy Preschool offers a controlled environment for puppies to interact with other puppies of all breeds and sizes. Julie will help with any problems or concerns you may have concerning your puppies behaviour, while getting you started on the right foot with training and lifestyle for a healthy dog.

Please ensure your pup is on a collar and lead at the start of each class. We recommend that you do not feed your pup at least 1-2 hours before class. Treats and a mat for pup to sit on will be provided for you. If you have a particularly fussy pup you may want to bring your own treats along or your pup's favourite toy.

Puppies must be vaccinated, wormed and healthy to participate in Puppy Pre School. We will need to see proof of vaccination before your puppy can be enrolled.

Confirmation Slip

Payment must be made prior to starting date in order to confirm your place. Payment cannot be accepted on the night.
